

Introducing 'Visual Field Selector'

Your life just got a whole lot easier!

We are delighted to announce the introduction of an exciting new feature with our first flow of 2014. With our Visual Field Selector, no longer will you have to decipher cryptic field names when creating your field groups. Now you can simply view the fields in their native statement format and move them to your field group right from there.

- Double click a field to move it to your group or
- Select a bunch of fields and use the arrows to move them across.
- You can select a whole column by simply clicking above to top cell or select a whole row by clicking to the left of the left-most cell.

If you want to go back to what we now call 'Classic View' simply uncheck the 'Show Statements' box

The screenshot shows the 'Visual Field Selector' interface. At the top, there is a navigation menu with tabs: Home, Dashboard, Statements, Queries, Company Groups, **Fields**, Admin, and Training Videos. Below the menu is a 'Field Groups' section with a dropdown menu set to 'My user', a 'Category' dropdown set to 'Default', and a 'Privacy Level' dropdown set to 'Private'. There are 'Save' and 'Cancel' buttons. Below this is a 'Show Statements' checkbox, which is circled in red. The main area displays a financial statement table with columns for 'Current Year (01)' and 'Prior Year (03)'. The table includes sections for 'UNDERWRITING OPERATIONS' and 'INVESTMENT OPERATIONS'. To the right of the table is a 'Visual Field Selector' panel with a list of fields and checkboxes, along with 'Save' and 'Cancel' buttons.

Page		Current Year (01)	Prior Year (03)
	UNDERWRITING OPERATIONS		
	Premiums Written		
	Direct	<input checked="" type="checkbox"/> WP_Direct CY	<input checked="" type="checkbox"/> WP_Direct PY
